To: All AMFA Locals

Re: Title **July AND Monthly Report**

Dear Members:

The first week of July I worked on the SWA 401K proposal for the meeting with the company, worked on my monthly AND report for June, worked on organizing request from several different groups and airlines. I also worked on the AMFA e-store for our members and future members benefit and participated in the NEC conference call.

During the second week in July, I participated in the NEC conference call, fielded phone calls and answered e-mails, worked on the AMFA shirts for our members. On Tuesday, Wednesday, and Thursday I attended the SWA Appearance Tech negotiations with the SWA ALR's (Mike Young, PHX, Local 32, Bob Cramer, BWI, Local 18, Lee Rhame, DAL, Local 11, and Carla Foster, SWA AAT representative, DAL, Local 11), Jack Coonrod (it was great to see him back at the helm), and the great observers from the various locals.

During the third week of July, I participated in the NEC conference call on Monday. On Tuesday I attended the SWA 401K meetings with the SWA Company committee members, and the AMFA 401K committee (Scott McAndrews, HOU, Local 18, Carl Anderson, PHX, Local 32, Robert Wooster, DAL, Local 11, and Jack Coonrod, AMFA Region II Director). Special thanks go out to Nick Thomas from Southwestern Investment Services, Inc., Raymond James, for providing invaluable financial consulting for our committee, PROBONO. On Wednesday I fielded e-mails, phone calls, and worked on all the various things I have going to better the AMFA experience for our members. On Thursday and Friday I attended the SWA AAT contract negotiations with a brilliant committee and wonderful observers. You are the true meaning of the AMFA process.

During the fourth week in July, I participated in the NEC conference call on Monday as well as work on the SWA 401K issue, the AMFA e-store, and the shirts for the officers (Local and National), fielded phone calls, worked on union collaboration issues, and answered e-mails.

On July 4<sup>th</sup>, we celebrated the birth of our great nation, wrought with struggles and trials that have been overcome. We must always be diligent and make sure tyranny does not have a chance to re-capture this country and put her in a stranglehold of oppression and void of morals.

***Let's all remember, without you, the AMFA member; participating in the AMFA process there would not be a UNION. Let's not be lead around without adequate representation. If we are going to have a QUALITY UNION "YOU" must participate and support "your" UNION Brothers and Sisters.*** .....Thank you for this opportunity to serve you.

Floyd Looney
